### Artificial Intelligence : An Emerging Tool For Drug Discovery And Development

#### ABOUT THE CONFERENCE

Artificial intelligence is a branch of computer science that deals with the problem-solving by the assist of symbolized programming. It has greatly evolved in to a science of problems-solving with the vast applications not only in business but also in the field of health care, and engineering. In the area of pharmaceutical industry and consumer healthcare business, AI has been provided an enormous support for the upliftment of these professions. The conference will be focused on the application of AI in drug discovery and drug development.

#### ABOUT INSTITUTE

ADINA Institute of Pharmaceutical Sciences was established in 2005 under aegis of Shri. Prem Chand Jain Memorial Society For Education. We are providing research oriented education in its fully wi-fi campus, experienced faculty members as per the norms and standards of AICTE, PCI and RGPV. AIPS has modern lecture halls, well equipped laboratories, e-library, computer labs with internet facility. It is an ISO 9001 : 2000 certified institute. It is offering B. Pharm & M. Pharm in two discipline : Pharmaceutics and Pharmacology.

#### CALL FOR ABSTRACT

The Scientific committee has great pleasure in inviting you to submit findings of your scientific work for poster presentation on theme of Conference.

Abstract can be submitted through e-mail in MS word format not more than 250 words along with duly filled registration form at

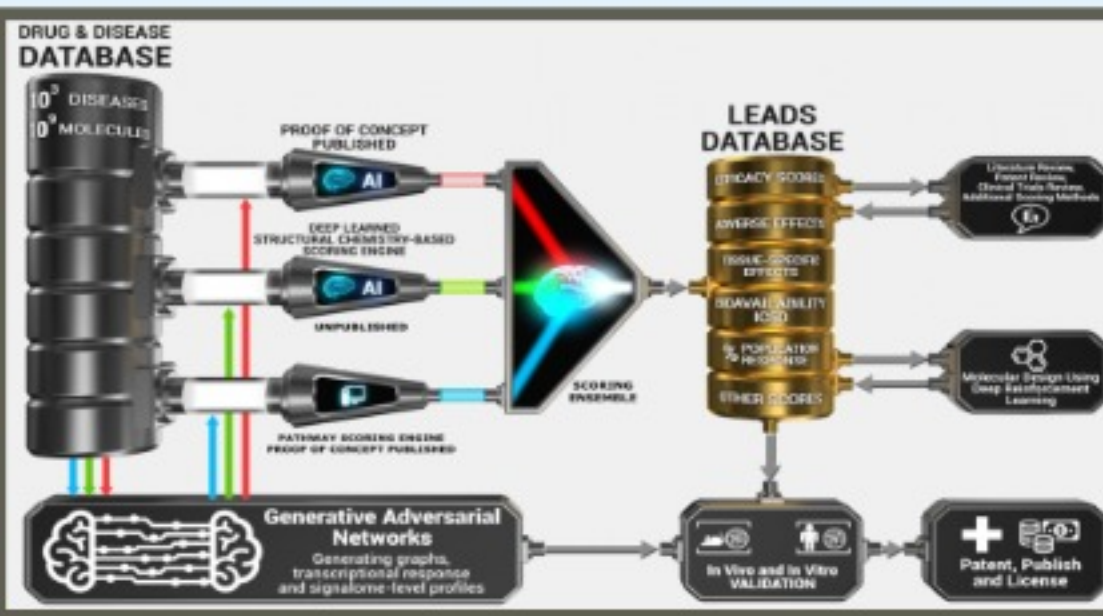

adinaconference2021@gmail.com

Title of Abstract : Font size - 14 bold, upper case

Author Name : Font size - 12, title case, followed Address and e-mail

Abstract : Font Size - 12, 1.5 Spacing.

Poster Size : 90x120cm.

#### OBJECTIVES

This national conference will be a potential tool for the enhancement of skill and knowledge of the students, researchers, faculty members in different aspects of artificial intelligence in pharmaceutical sciences. The aim of this conference is to create awareness among delegate about various facets of artificial intelligence in pharmaceutical science and its role in drug development and drug discovery while highlighting the merits and importance of AI based system.

Its main objective is to help the participants, to understand how artificial intelligence can help pharmacy sector in all over cost reduction, revolutionize the drug development process and drug discovery

#### LOCATION

Institute is situated between Bhopal and Jabalpur approx 200 Kms. On either side. 4 Kms away from sagar railway station and sagar bus stand. It is well connected by road and rail. The vibrant character of the city is its lush green pollution free environment. Weather is pleasant but moderately cool. It has emerged as the educational hub especially in the sphere of pharmacy and medical.

#### REGISTRATION FEES

Early bird registration fee of **Rs. 250/-** (Till 18/09/2021) & Spot registration fee will be **Rs. 500** (on cash) and can be paid by D.D of any nationalized bank in favor of "ADINA Institute of Pharmaceutical Sciences" payable at Sagar (M.P.) or can be processed online to

A/C No. 50200014472002 (current account)

IFSC CODE : HDFC0000449

NAME OF BANK : HDFC Bank

BRANCH : Parkota, Sagar (M.P.)

PhonePe : 7693039009

After submission of online payment send your filled registration form on given email id.
